PRESS RELEASE

## SECOND SCHEDULED INCREASE IN ROAD TRANSPORT FARES FOR THE YEAR 2015

The Road Transport Operators have taken note of the increase in the Various COMPONENTS that go into the operation of COMMERCIAL TRANSPORT SERVICES. The components include spare parts, fuel, cost of the vehicle etc.

As a result, road transport fares have been revised upwards to reflect the changes in the prices of the components. This is also in line with the bi-annual review of transport fares in order to take into consideration changes in prices of vehicle components.

**THE NEW ROAD TRANSPORT FARES TAKE EFFECT FROM MONDAY 22<sup>ND</sup> JUNE, 2015.**

The New Transport Fares cover the following types of Road transport Operations:

1. INTRA – CITY (TROTRO)
2. INTER – CITY (LONG DISTANCE)
3. TAXI CABS

Members are kindly requested to comply with the New Fare and post the Fare List at their Loading terminals so as to avoid any confrontation with the travelling public.

We further request members, Commuters and the General Public to kindly co-operate for the success of these changes.
